

Lighting Solutions That Create Better Spaces

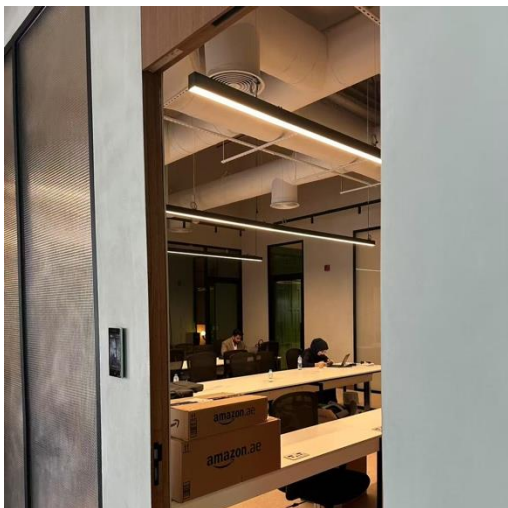

Helping Architects, Designers & Contractors Solve Lighting Challenges

Artdon Lighting | Since 2007

Artdon[®]
Innovation | Expertise | Solutions

We Don't Sell Lights. We Solve Lighting Problems.

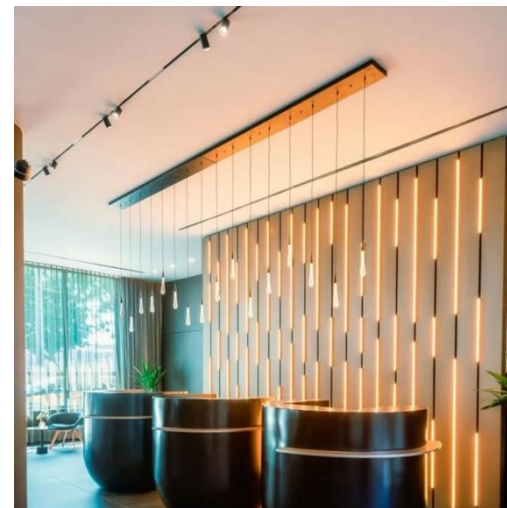

Every space has different challenges. Every challenge needs a different lighting solution.

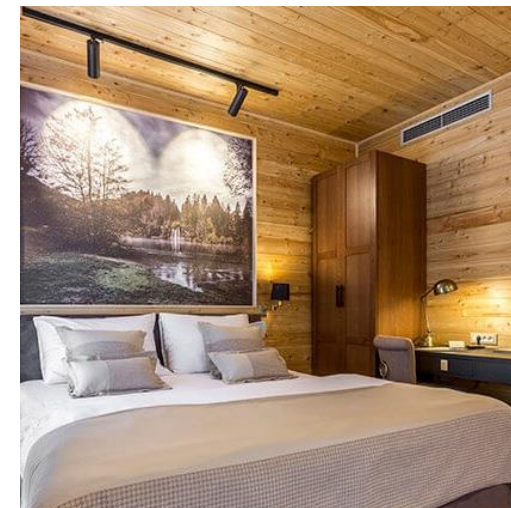

Office

Retail

Hospitality

Villa / Residence

Who We Help

Architects

Turn concepts into buildable lighting solutions.

Interior Designers

Make spaces more comfortable and premium.

Lighting Designers

Support optical, technical and project details.

Contractors & Developers

Deliver reliable products on time.

Why Artdon?

**We start from the project problem,
not only from the product list.**

|-----------------------|--------------------------|
| — Optical Solution | — Fast Samples |
| — ODM Development | — Flexible Manufacturing |
| — Engineering Support | — Project Experience |

Solution 01

Flexible Lighting for Curved Ceilings

Problem

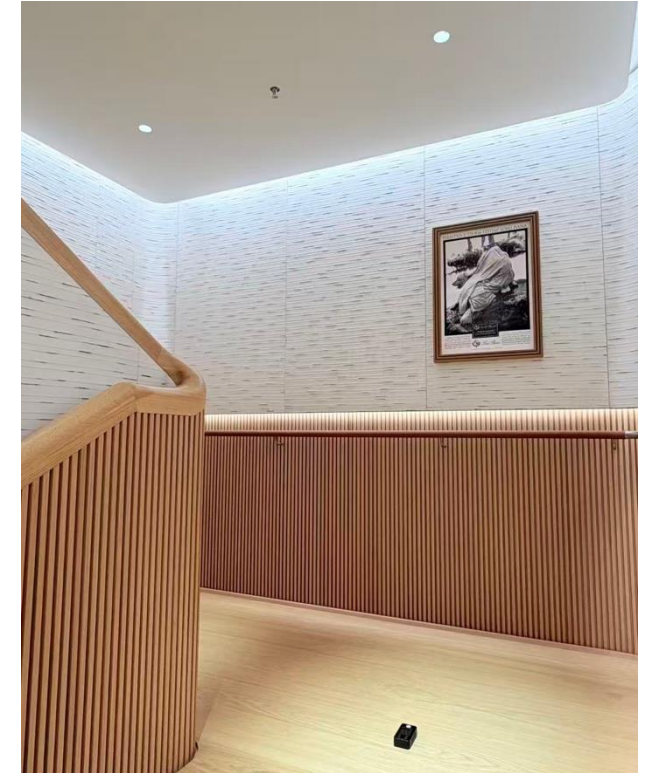

Curved ceilings and timber surfaces need continuous, controlled light.

Solution

LUMI Flexible lighting system.

Result

Smooth integration, cleaner visual lines and a more refined project finish.

Solution 02

Retail Lighting

Problem

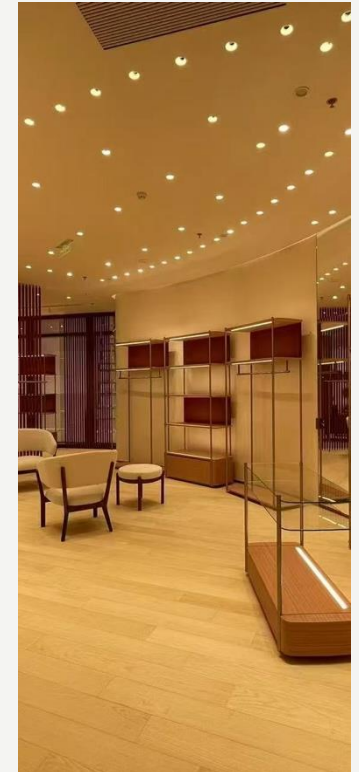

Retail spaces need focus, contrast and premium atmosphere.

Solution

SILO / LINEAR / LEKO / HUGH LUMEN PRO

Result

Products look more attractive, and the space becomes more valuable.

Solution 03

Office Lighting

Problem

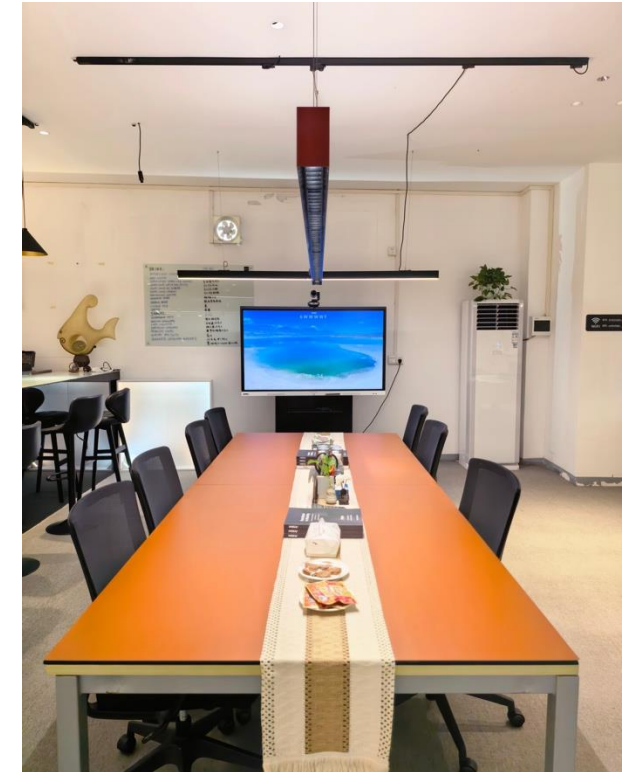

Office projects need comfort, uniformity and low glare.

Solution

SPECTRUM / Linear Lighting

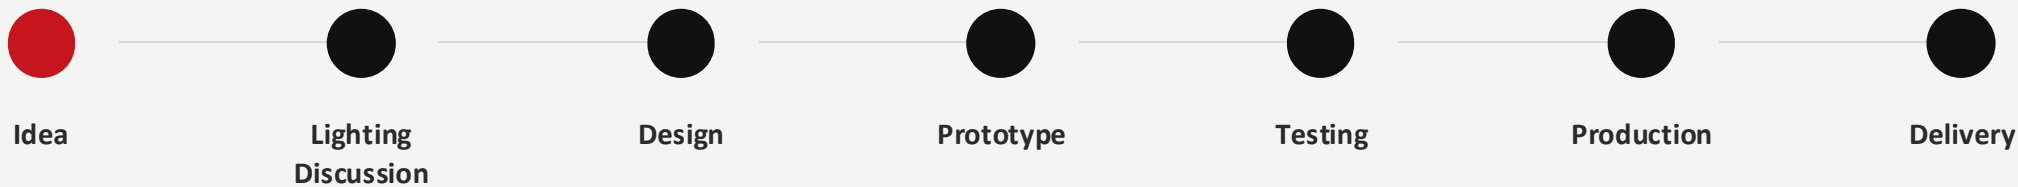

Result

A cleaner ceiling, comfortable working environment and professional office image.

From Design to Delivery

We support clients from idea discussion to final delivery.
